July e-News

July 2, 2012

Garden Center News Stop by the Garden Center and see our summer-blooming plants. We've got a large variety of flowering and fruit trees, blueberry and grape vines, hydrangeas, hostas, ferns, butterfly bushes, and Crape Myrtles. These plants can be planted any time of the year but the key to success is proper bed prep and regular watering.

July Green Tip Mid summer months can be very tough on plants, trees and shrubs. Be sure to have a regular watering program established. While on vacation or away from home for a few days, ask a neighbor or friend to maintain your watering schedule.

Keeping plants well-hydrated will help them become more resistant to our high Carolina temperatures. A good layer of mulch will also aid in keeping plants and shrubs cooler during the hot months ahead. Protect delicate potted plants from the harsh afternoon sun.

Workshop News Look for information on our Mid-Summer Evening Workshops.

Garden Center Summer Hours:
Monday through Friday 8:00am to 5:00pm.
Saturday 8:00am to 3:00pm.
Closed on Sunday's.

During the week of July 2nd through July 7th hours are 8:00am to 3:00pm and closed on July 4th.

From our Landscape Division

During the month of July, New Hope Landscaping is offering Landscape Consultation at 50% off our regular rate. This service include a site visit, design ideas, plant identification, advice on disease and pest control, and expert recommendations.

We will also offer tree and shrub pruning at a special rate. Keep your landscaping looking it's best for your summer outings.

Call us today at 704-824-1799 to schedule your appointment.
