This year we are celebrating 35 years in business thanks to our loyal customers. With

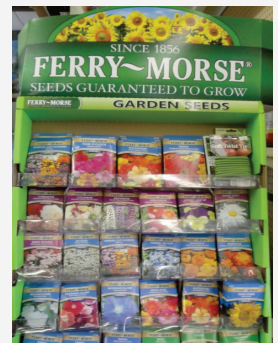

the snow and cold weather hopefully behind us, we will welcome spring with our continuing series of free workshops. We would like to extend an invitation to you to join us at these very informative workshops. Light refreshments will be served and there will also be a door prize drawing.

### Landscape Division

We are now booking our landscape projects for spring. Call or e-mail us today to schedule your free landscaping estimate.

### Greenhouse News

The greenhouse is beginning to fill up with spring plants, hanging baskets, combination planters, annuals and perennials. We have sown our first crop of vegetable seeds for early gardens. We have also added a new line of bulk packaged vegetable seeds for your convenience in planting your garden.
